2014-2015 BEYOND BORDERS

The Center for Global Engagement is offering a unique opportunity, called Beyond Borders, for FSU students to engage with students of other nations. This program provides short-term, rich cultural learning experiences in Jamaica or Germany. The exchanges are short but connections that students make are long-lasting. The FSU students selected to participate in Beyond Borders welcome students from Jamaica, who come to Tallahassee in October, or students from Germany who arrive mid-spring. FSU students then travel to the selected country for one week over spring break (Jamaica) or for three weeks in early May (Germany). Selected FSU students also take a one-credit class during Spring semester, which prepares them to make the most of their experience abroad. The FSU students' accommodation, transportation, airfare, most meals, activities, and insurance are covered in the program fee. In order to keep the programs to a size that allows for close personal interaction, the application is competitive and 10-12 students are selected per exchange. Applications for the programs to Jamaica and Germany are currently available! For more information about Beyond Borders, please visit the website at: cge.fsu.edu/beyondborders. **The deadline is September 22 for Jamaica and October 6 for Germany.**
